

BRENDAN FORD

## About Myself

I am a UX & visual designer. I have worked on everything from simple static websites to dynamic, responsive, enterprise-grade SaaS web apps.

## Education

Champlain College, Burlington Vermont  
Bachelor's degree in Multimedia and Graphic Design  
Graduated 2008

## Experience

Citrine Informatics, San Francisco California 2016 - Present

Senior UX Designer: I work with product owners to develop user stories and lead user research sessions. I create wireframe prototypes, lead concept validation sessions with users and the development team. I create the visual design for products, establish pattern libraries, and work with the development team to maintain visual and interactive consistency.

Spanning by EMC, Austin Texas 2013 - 2016

UX Designer: I was part of the Spanning team that lead to our acquisition by EMC in 2014. Lead the UX and visual design for Spanning Backup for Salesforce and Spanning Backup for Office 365 .

Spiceworks, Austin Texas 2012 - 2013

Interactive Designer

Santori Productions LLC, Austin Texas 2012

Freelance - 2008 -Present
